RUBBLE MASTER Offering a Range of Crushers and Screens

RUBBLE MASTER, with 20 years of international expertise and more than 10 years of excellent parts, service, and back-up support in North America; has always been a leading supplier to the construction, demolition, quarry and recycling industry in North America and worldwide. RUBBLE MASTER is serviced by our main parts and service hub in Memphis, TN.

RUBBLE MASTER offers a range of compact and high performance mobile crushing and screening solutions.

the highest specifications for mobility, on-site and on-road by far. Its maneuverability, transportability, easy and safe to operate; that's our main concerns!

RUBBLE MASTER offers crushers in the range of 26,500 lbs. to 62,000 lbs. with no special transport permits required. The crushers have hourly production rates ranging from 88 tons per hour to 275 tons per hour, and fuel consumption ranging from 2 gallons per hour to 6 gallons per hour, due to our diesel-electric concept.

RUBBLE MASTER's business is crushing, recycling and screening. Our goal is to help our customers make more profits!

RUBBLE MASTER is proud to be introducing its new RM100 2.0 compact crusher, which sets the latest standards in mobile crushing technology at the ConExpo 2011 in Las Vegas.

Success with mobile crushing and recycling – made by RUBBLE MASTER!
RUBBLE MASTER AMERICAS is dedicated to Customers Lifetime Support!
